

# What's New At Heirlooms?

**Magazine:** The latest magazine to arrive at the Gallery is -

*Just CrossStitch* - July/August 2011: This is not the annual Christmas Ornaments issue, but it contains a glimpse of some of the 75 designs that will be in the bumper 2011 issue - in fact, eleven designs. Also, another design for a rooster (Welssummer) and, of course, lots of other delightful pieces to stitch. \$15.00

**Labels:** Last month I encouraged you to mark your needlework pieces with your name, the date when you stitched your piece, and the details - such as the design title and the designer's name - and keep a record of the costs. A reminder that I have labels for recording such details, but this month I would like to encourage you to name all your beautiful needlework books that you have in your library. To do this, in stock at the Gallery are three different labels - the background of each label being a print of an old sampler - with the words, *From the library of*, written on them.

**Designs:** Sandie of *The Sweetheart Tree* has been busy again designing lots of new pieces for us to stitch. Some of the new designs are Halloween related. These designs have not been ordered. Also, Sandie has had to increase her prices for several designs (passing on increases charged to her by her suppliers), but the *Heirlooms* prices will not change. The latest designs are -

**SWT:T 156 - Rudolph & Mrs. Claus Ornaments:** Another set of two Christmas ornaments, identical in size to the previous set mentioned and worked on the same fabric. Embellishments are also the same - little white snowflake buttons. Design & Embellishments: \$23.00

decorative tassel or choose your own coloured ribbons to add a decorative 'poof' to the bottom. \$45.00

**SWT:SE 023 - Lady Dunmore's Sampler:** Lady Dunmore was the wife of the Governor General of Colonial Williamsburg, Virginia, USA. While not typical of the colonial samplers of her day, this piece is designed to give a delicate and regal nod to a woman who helped shape the history of that land. *Lady Dunmore's Sampler* is in misty shades of rose, blue & olive on 28 count 'Light Mocha' Cashel Linen and has the antique look of a family heirloom. Beautiful silver Japan thread crouched coils are located throughout as well as overdyed silk threads, crystal paillettes and sparkling beads. This spectacular sampler uses a myriad of delicate fancy stitches to keep your fingers nimble — fun to do, but not too challenging. This truly is a lovely piece which you will hang on your wall with pride for years and years to come. An 'all-inclusive' kit. \$79.50

**Designs:** Another designer that has been a friend for many, many years is Maureen Appleton of *The Heart's Content*. Maureen is noted not only for her exquisite designs, but that they are designed for and stitched with one strand of thread over one thread of fabric! This gives great clarity and detail to a design. Maureen has been designing for over 30 years. Below are just four of her many, many, many beautiful designs.
