

What's New At Heirlooms?

Magazine: Just arrived at the Gallery is the latest issue of -

Cross-Stitch & Needlework - May 2012: Besides the usual and many whimsical designs that are a tradition in this publication, there is a design by, and a write-up on, the designer, Tracy Homer of *Ink Circles*. Her designs are unique and often challenging, equally iconic and compelling. With stylized and oft-repeated patterns, Tracy's artwork utilises symmetry as well as Celtic and mandala designs. Also included in this issue are a quaint design that features four Victorian houses surrounded by a floral border and another is of a trio of charming windows of Paris. \$9.00

Note: I purchased several of Tracy's designs from her at the Nashville Trade Show. These will all be on display over the weekend of the 'What's New' Exhibition at the end of July. After that, any designs that have not sold will be highlighted in one of the following monthly newsletters.

Designs: Judy Whitman has again been very prolific with new designs. However, I have not ordered four of these new designs as they all pertain to the subject of Halloween. The two new designs that have arrived at the Gallery are -

JBW 260 - French Country ~ Owl: A majestic Mr. Owl is sitting on a tree branch with his eyes wide open and he has been created by Judy's signature style of creating the shape of him with the clever use of motifs - birds, pumpkins, baskets, etc.

Suggested colours to stitch him, the branch & leaves, and the letters are all *Sampler Threads by The Gentle Art* : Burnt Orange, Cinnamon, Avocado & Tomato. Design: \$10.00 : Sampler Threads: \$5.50 each

JBW 264 - Beach Bound: A design to stitch onto your beach bag. Little sailing boats on the waves, a lighthouse and old-fashioned beach changing sheds, with the words, "Let's go to the beach" underneath. Design: \$10.00

Etiquette: Now that's an old word. I wonder if any young person knows what it means or, if they did, would they even consider it to be relevant in today's world. The older I get, the more I am concerned about what kind of world it is going to be when our generation has all passed on. I couldn't help but smile when I read an article that was in our last newsletter from the Embroidery Guild. Just what I was taught and the way in which I was brought up! That is, to take pride in one's appearance and the cleanliness and tidiness of one's home. I conscientiously tried to do this when a young mum caring for our family and making / sewing all the clothes for myself and the children. I'm sure that you too will have to smile when you read it.

Advice from a Singer Sewing Machine manual from 1949 -

Prepare yourself mentally for sewing. Think about what you are going to do. Never approach sewing with a sigh or lackadaisically. Good results are difficult when indifference predominates.

Never try to sew with a sink full of dirty dishes or beds unmade. When there are urgent housekeeping chores, do these first so your mind is free to enjoy your sewing. When you sew, make yourself as attractive as possible. Put on a clean dress. Keep a little bag full of French chalk near your sewing machine to dust your fingers at intervals. Have your hair in order, powder and lipstick on. If you are constantly fearful that a visitor will drop in or your husband will come home, and you will not look nearly put together, you will not enjoy your sewing.
