

What's New At Heirlooms?

Christmas - as began last month's newsletter - a very special time of year.

I sincerely hope that you had a wonderful, happy, memorable time with your family & friends.

And now - a New Year is on the horizon and I wish you all good things.

I have many things to be thankful for - but you, my needlework friends, are at the top of my list!

Newsletters: Many of you know already that a 'What's New' Heirlooms Newsletter is written every month to inform of the lovely new items that have arrived at the Needlework Gallery. This is given to everyone who visits the Gallery and is sent with the products that have been ordered by telephone, fax, mail or via the Internet. Time has come for me to move into the modern world of Email and share a copy of this newsletter to all of you who have given me your Email address and this I have begun to do. Would you like to receive a copy? If so - please contact me with your name, full postal address (including postcode), telephone number and Email address. Regrettably, a copy can not be sent without supplying these details. My Email address is : heirlooms@clear.net.nz. To get started, I will send the previous three newsletters and thereafter you will receive only one newsletter per month.

And so, to this month's newsletter. New needlework designs and products are always arriving at the Gallery. Some of the new items are -

a single skein of thread on the thread winder of your choice.

Design & Embellishments (beads): \$27.00

Thread Winder featured in the design is one of three new Vintage Winders produced by Just Nan (featured later)

JN 200 - Floral Fifteen: A 15-sided Biscornu - that is, a pincushion consisting of fifteen stitched pieces. Ten of the designs are stitched on an antique white fabric & five of the designs are stitched on a pretty soft green fabric. Rather lovely and different. Embellished with beads with a large opal button / bead in the centre.

Design & Embellishments: \$35.00

Also shown on the design are Just Nan's latest accessories - Charm Garden Pins (featured later)

JN 209 - Leave It Green: Bands of decorative leaves and flowers worked in decorative stitches with the words, "Leave the earth a little greener", all stitched on a pretty soft green linen. Threads used may be either Soie d'Alger or DMC Stranded Cotton. Embellishments are gold, green & mauve/pink beads and the dearest little bird — hand painted a beautiful iridescent blue — and sitting on a brown branch with green leaves.

Design & Embellishments: \$38.00

JN210 - Tea With Honey: Is a pretty pincushion cube and the stitching on it creates the effect of a table spread with a pretty lace table cloth and the pincushion is then surrounded at the base with a unique card stock banding. The design on the top of the pincushion / table cloth is like a meadow of flowers with the inevitable little bees buzzing about. To add to the tea party effect, three pins are inserted into the 'table top' - one of a little pewter teacup and saucer, another of a dear little pewter teapot and the other is a little pink iced cupcake in a pewter wrapper. All three pins, the card stock banding and the embellishments of pink beads and white pearls are included with the design. Threads used are DMC Stranded Cotton and DMC Perle #8 and #12. This design **has** to be stitched on a 28 count fabric, otherwise the banding will not fit the pincushion cube. Design, Pins, Banding and Embellishments: \$91.00

Accessories: Just Nan has produced some beautiful accessories for their recent designs. They are gold charm pins and vintage thread winders. The little gold pins have a long gold shaft with a little charm attached to the top of the shaft and these be inserted into a pincushion or biscornu to enhance it. The vintage thread winders are replicas of winders of old. John & Nan purchased the original 'die/stamps' and have subsequently had them made. A truly unique accessory for your workbasket, hussif, etc. Some of the gold charm pins have already sold out but some are still available, although I do not have all of them in stock and so should you wish to purchase these delightful accessories, you may have to wait a few weeks until new supplies arrive.
