

Important Information

Needlework Gallery Closed

Once again this terrible virus and its variants have impacted our lives.

As a precaution, to be prudent, and to take responsibly to ensure the safety of all my family, friends and visitors,
our home and the Needlework Gallery will be closed until further notice.

I truly regret this decision of having to postpone all our get-togethers to stitch, chat, and share our love of needlework.

These special days will be rescheduled as soon as it is safe to do so.

As before I am going to use this time to rest and pursue ideas and projects that I haven't had time to do before now.

Several new designs have been charted and need to be stitched.

I sincerely hope you too may be able to use this time
to experience the enjoyment and peace that needlework gives to ones soul.

I am here to answer your emails, your telephone queries (or reply to your telephone message)

AND to take and process your orders ... I am always willing to help.

Please take precautions
and therefore take care of and keep yourself safe.

Love to you all.

Sherelyn
